Henderson MST Team & Therapist Honored for Outstanding Performance for Serving Juvenile Offenders

Local youth therapist & the Henderson MST Team were recognized for outstanding service from international company

Tamarac, FL – *MST Services* honored Luckner Monexe and Henderson Behavioral Health's Multisystemic Therapy (MST) Team with an award for their dedication to Broward County's juvenile justice system. Luckner and the Henderson Team received a Sustained Excellence Award (ESSY) in the categories of *Therapist and Team Adherence*, respectively, for their work to better the lives of chronic juvenile offenders.

MST Services, the organization that presented the award, administers the global dissemination of the treatment model known as Multisystemic Therapy, commonly referred to as MST. MST is internationally recognized for being one of the world's most effective treatment models for serious, violent and continual juvenile offenders.

The ESSY is given on an annual basis to therapists who have demonstrated creative, out-of-the-box thinking, persistence and dedication to accomplish positive outcomes for youth and their families undergoing MST. Awards are based on feedback from the families about their experience with MST and are presented to those teams and therapists that rank in the top one percent among their peers in 12 different countries.
